Data Limitations

Race

According to federal regulations, Race is to be self-reported by the child, or by the family of the child. In eWiSACWIS during CY2011 workers were allowed to select multiple races. For the purposes of this report, data included for race includes only the child's primary race as reported in eWiSACWIS.

Hispanic/Latino

December 31, 2011 numbers indicate that 620 children had "unable to determine" or "not specified" as the Hispanic/Latino designation, when in fact the child may or may not be of Hispanic/Latino origin. DCF continues to work with counties to provide training and technical assistance to ensure that ethnicity is documented in eWiSACWIS.

Disability

A child's disability is frequently underreported in eWiSACWIS, primarily because demographic information may not be updated to reflect new information regarding diagnosis of children. DCF continues to provide monitoring and oversight to agency staff to ensure entry of disability data.

Removal Reasons

When children are removed from home, there can be multiple contributing factors or removal reasons. Often, workers will select the most prominent removal reason instead of including all relevant removal reasons applicable to the case. DCF continues to work with agencies to properly document removal reasons in eWiSACWIS.

Appendix B

Out-of-Home Care Providers

In Wisconsin, there are a variety of placements settings which can be used to best meet the needs of a given child or youth. These settings are addressed in this report and include the following:

Family foster homes

Family foster homes can include both related and unrelated individuals. Family foster homes are licensed by local child welfare agencies based on state statutes. Receiving homes are licensed foster homes that take children on emergency placements/short term placements.

Treatment foster homes

Treatment foster homes are licensed by child placing agencies, either through a county or a private agency. Private child placing agencies are licensed by the State Bureau of Regulation and Licensing. Treatment foster homes serve children with more intensive service needs that require specialized care.

Pre-Adoptive Homes

Foster homes that are licensed by county or the SNAP. Children are placed in pre-adoptive homes with the intention of permanency being met by adoption in the near future.

Group Homes

Facility operated by a person licensed by the Department to provide 24 hour care for 5-8 residents. Group Homes can be either private family homes or corporate homes.

Residential Care Centers (RCCs)

Residential facilities that are operated by local child welfare agencies licensed under s. 48.60, Wis. Stats., for the care and maintenance of children. Children placed in an RCC have significant needs that cannot be addressed in a community setting.

Shelter Care

Licensed facility used as a short term placement option for children in Out of Home Care. A shelter care facility shall not keep children in residence longer than 30 days per episode nor may a child stay in a shelter care facility longer than 60 days.

Detention

Facility that under certain circumstances can be used as an out of home care placement when being used as or becomes a primary physical placement of the child.

Hospital/Mental Health Facility

Facility that could be used as an out of home placement when the child subsequently enters into one of the placement settings listed above or when the hospital or inpatient facility placement takes place within a current placement episode.

Youth/Adult Correctional Facilities

Secured facilities used for the purpose of corrections.

Court-ordered Kinship Care (COKC)

Foster homes where children are placed with non-licensed relatives and receive kinship care payments. These homes are subject to all permanency planning requirements.

Children Missing from Out-of-Home Care

A child is considered “missing from out-of-home care” when he or she is under the placement and care responsibility of the Department or a local child welfare agency, is living in an out-of-home care setting, and any of the following criteria are met:

- The child is unaccounted for a period of time that cannot reasonably be justified by the child’s age, maturity, or emotional capacity which shall not exceed eight hours (as required in s. HFS 56.05(1)(c)5., Adm. Code).
- When efforts to locate the child have been unsuccessful.
- When it is known or suspected that a child has been taken by force or coercion.
- When the child is in the company of an unauthorized person or located in an unauthorized place.

Trial Reunification

Placement that is used to determine whether a child can safely and permanently be reunified with his or her parent or primary caretaker. The local child welfare agency continues to have placement responsibilities for the child for the duration of the Trial Reunification.
